

FOOD & PHARMA PROCESSING SOLUTIONS

FROM THE HOUSE OF GENEX

ABOUT COMPANY

Genex proudly stands as a hallmark of quality, holding the prestigious ISO NABCB certification for Highest Quality Management, complemented by ISO 9001:2015, ISO 14001:2015, FDA and WHO-GMP standards and many more. We have solidified a global presence through our advanced infrastructure and unwavering commitment to precision engineering. Our cutting-edge machinery, known for its intelligent design and robust construction, has established us as a trusted leader in the Food, Pharma & Chemical processing industry. With a significant share in the global export market for machinery, Genex consistently delivers excellence. We specialize in turnkey solutions, providing end-to-end project execution with a proven record of 100% successful installations across national and international markets. Our innovative products not only embody technological brilliance but also set new standards in the industry.

WHY US

Prestigious turnkey projects for food processing executed by the company in more than 40 countries successfully worldwide.

Strong background in offering a single window solution for various value chains.

Cost effective affordable solutions provided for the food processing industry.

Supreme production and infrastructure facilities in India.

Very sound technical & engineering team.

Right technology and latest machinery.

Large network of sales & service through our office and authorized representation worldwide.

OUR RESOURCES

In a world where technology is developing quickly, we have made investments in cutting-edge infrastructure that will provide our clients with better & more efficient machinery. Engineers with experience work with us to execute a variety of production tasks accurately. Every step of the product development process, where our quality is most important, is strictly governed by industry standards and best practises to guarantee that each and every product satisfies the highest quality requirements globally.

OUR FACILITIES

In India, GENEX has 100000ft2 of integrated industrial space dedicated to full-fledged production

INFRASTRUCTURE

Our manufacturing facilities are outfitted with cutting-edge tools and machinery, including lasers, German bending machines, & CNC gas cutting tools. Each plant has a separate machining unit where all machines are made on-site. To provide precise, high-quality production and finishing, there are many welding stations.

R & D

We frequently achieve newer milestones with the assistance of our R & D team's highly qualified engineers and professionals. Our business is constantly developing, evolving, and designing brand-new cutting-edge machines that enable us meet and surpass the expectations of our diverse clientele worldwide. Our infrastructure is what fuels our manufacturing and exporting operations. We have enough room to handle several commercial processes, including processing, packaging, sales, and logistics
